Union Made Directory

Union-made products add value to our communities. Take the time to find and use union-made products and services.

Unionized workers provide restaurant, hotel, legal, educational and health care services to name a few. We manufacture equipment, raw steel, food stuffs, paper products and many other important commodities.

Following is a list of goods and services provided by union members in Saskatchewan collected by the SFL. If your union's goods and services are not included please let us know the details and we will include them in our next edition.

The list is sorted alphabetically under the "Product" category to make it easier to locate a particular listing.

Revised November, 2011

/dl/cupe4828/union directory

Please list all products and/or services that are unionized providing all pertinent information that would be included in the directory. (name, address, etc.). Please provide all contact information relevant to the existing directory.

Union/Local: _____

Address: _____
